Young Champions Auction Unveils 2026 Collection

Live and Online Auction on Tuesday, August 25

On **Tuesday, August 25, 2026**, Young Champions Auction will present an exclusive collection of **22 carefully selected horses**, consisting of **15 talented sport horses aged five to eight years old** and **seven exceptional foals**, during a **Live & Online Auction** in Belgium.

Rather than focusing on quantity, Young Champions Auction has built its reputation on offering a carefully curated selection of horses with genuine international sport potential. Every horse is personally evaluated and selected by an experienced team consisting of **Jos Verlooy, Kevin Jochems, Brent Onsia, and Dave Vermandel**, combining expertise from top-level sport, training, and horse development.

This year's collection once again combines exciting young sport horses already proving themselves in the ring with exclusive foals from some of the world's most influential performance families. Athleticism, mentality, rideability, and long-term potential remain the foundation of every selection.

A proven track record

The growing success of Young Champions Auction is reflected in the horses from previous editions that are now competing successfully with internationally renowned riders. Among the Auction graduates are:

- Nickelodeon QC — Bertram Allen

- Kafka van Paebroeck Z — Dayro Arroyave
- Apphire H Z — Logan Fiechter
- Rose of Ballmore — Niels Kersten
- Barones de Jolie Z — Willem Greve
